

DEPARTMENT OF UTILITIES
WATER POLLUTION CONTROL DIVISION

**CURRENT STATUS OF LEESBURG'S
BIOSOLIDS PRODUCT
TUSCARORA LANDSCAPER'S CHOICE (TLC)**

All regulatory and Town Council approvals for TLC have been obtained to implement the free distribution of the product to town citizens.

The town council has previously indicated the following priorities for the distribution program: 1) town owned property, 2) town citizens, 3) permitted sites, and 4) town employees for promotional purposes.

The biosolids product is available in 25 or 50 pound bags or bulk quantity at the Water Pollution Control Facility at 1391 East Market Street. Pick up is available during the following periods until further notice:

March 15 – June 30. 7 days per week from 8:00 am to 6:00 pm
September 1 – October 30, 7 days per week from 8:00 am to 6:00 pm
Remainder of the year, Monday through Friday from 8:00 am to 4:00 pm

Town citizens will be asked to provide proof of residency. Name, phone number and intended use(s), i.e. shrubs, garden, lawn, etc will also be requested at pick up. Application rates are printed on the TLC bag.

If you have any questions or for more information, please contact Ed Rockholt at the Water Pollution Control Facility, (703) 737-7100.
